

## Neretva Foto safari

The Neretva Valley and its fabulous Adriatic sea delta, where the most fertile soil was taken over from the swamp, where the harmony of living together is found in man as well as in nature, offers the riches that god gave to the men from Neretva to enjoy: water, sun, the fruits of the land, embracing travellers, friends, guests...

To our guests we offer an unforgettable experience &ndash; photo-safari through the delta of Neretva. Take a boat, the traditional vessel of Neretva to ride through hundreds of canals and take a glimpse of the pure wilderness of Neretva swamps. See the places where once upon a time the Greeks, Romans Illyrians sailed and the pirates from Neretva launched attacks to the enemy galleys under the command of the count Domagoj. kontakt: Alen Blazevic mob:091 371 5210, Jure Jerkovi mob:098 986 0135 Download brochure: [Neretva1](#) [Neretva2](#)
